In the Starting when we reached in resort then they gave „Welcome Drink and really it was too good. Resort was divided into 3 parts- 1st was food court 2nd sport ground & 3rd is swimming pool. After some time we all get ready and first of all they divided all the students in the two groups by which we can easily cooperate and explore all the adventure activities alternatively. After making two groups they have provided mentors to each group who will guide the group during the day. Then they have taken us to the field for sports activities like – commando net , zip line, mehndi , rope climbing etc. Rain dance section was very enjoyable for all the students. In the last we all had enjoyed tractor riding. we have clicked so many pictures. It was memorable tour for all of them.

AN INDUSTRIAL VISIT REPORT

Aim for Industrial Visit:

Industrial visit is considered as one of the tactical methods of teaching. The main reason behind this industrial visit was to let students know things practically through interaction, working methods and employment practices. Moreover, it gives exposure from academic point of view. Main aim of industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices.

Details of Industrial Visit are as below:

Name: Ministry of Earth Science NCMRWF Govt. of India

Date of Visit: 18th October 2019

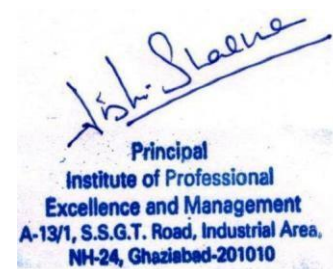

Faculty Name: Ms. Savita Singh and Ms. Nidhi Gupta

Description of the Visit:

Students learned lots of things in the Ques/Ans session about weather forecasting.

Students learned about several terms such as Weather Forecasting, CRAY X-MP, ESSOS and MIHIR. The activity was highly interactive and learning visit for the students on the concepts related to Super Computer, Data Analytics & Weather forecasting.

- Through industrial visit we got awareness about new technologies like Super Computer, Magnetic tapes and networking of Super Computer etc.
- After visiting the students gained a combined knowledge about both theoretical and practical.
- The company person also appreciates us and visit seemed to be very informative and gives us good learning experience.
- It was the unique example of "EDUTAINMENT" i.e. Education & Environment.

Report-

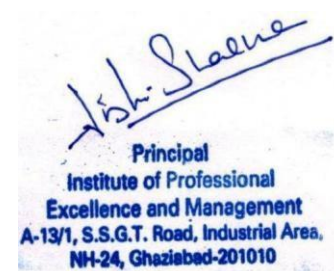

The Cultural Club of IPEM has organized a 6th International Day of Yoga on Sunday, 21st June 2020 from 07:00-07:45 AM.

One of the best forms of physical, mental and spiritual practice, Yoga is best suited for this quarantine period. “Practice of yoga takes care of all the mental/physical issues. The theme of International Day of Yoga was „Yoga at Home and Yoga with Family”.

All Faculty/Staff/Students have performed yoga at home with their family members and shared 3-5 minute videos. “The event highlights the intrinsic link between yoga and sustainability and the idea is to encourage people on how to stay active and healthy amidst this lockdown,”

SELF AWARENESS SESSION

He stated that meditation is the essence of Yoga through which individuals can experience the union of individual consciousness with universal consciousness and the practice of Yoga can be really helpful in overcoming all kinds of sufferings which then lead to a sense of freedom in every walk of life with holistic health, happiness and harmony. He also suggested living in the present and focusing on self. Talking about its benefits he said, benefits medicines are not only solution to illness, we all should come together to spread the benefits of Yoga.
